Our Environmental Commitment

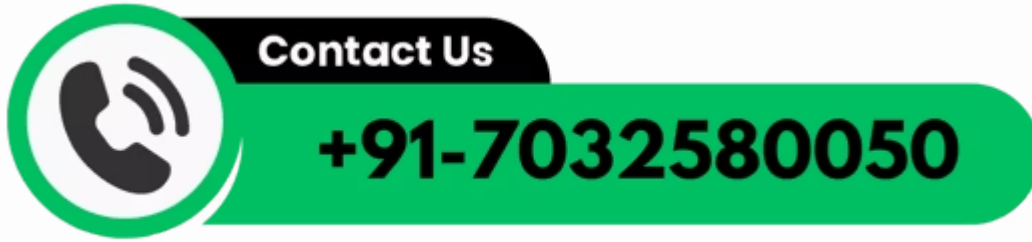

Our 3R Pledge

At Urban Scrap, every pickup is a step toward a cleaner, greener Hyderabad. We operate on three foundational principles that guide everything we do.

- **Reclaim** — Recover valuable materials from waste streams before they reach landfills
- **Reuse** — Channel recovered materials back into manufacturing and production cycles
- **Recycle** — Responsibly process all materials to reduce environmental burden

By choosing Urban Scrap, businesses actively contribute to the **circular economy** — ensuring materials are reintegrated into the production cycle rather than polluting the environment. Together, we build a more sustainable Hyderabad.
